JOPACC
INNOVATING DIGITAL FINANCIAL SOLUTIONS

Warm-Up Exercise — Explore JoPACC Public Data

DA&BI Internship · Prerequisite to the Executive Monthly Report project · Public data only

Objective: Get fluent in JoPACC's public payment-system data before EMR requirements: collect the latest two years of reports, structure the figures, and identify the trends and metrics that matter.

DATA SOURCE

Source: JoPACC Publications → Payment System Reports · https://www.jopacc.com/publications/payment-system-reports

Scope: Monthly, quarterly, and annual reports from the last 24 months covering CliQ, JoMoPay, eFAWATEERcom, ACH, and ECCU.

EXERCISE STEPS

Step	What to do	Output
1 · Gather	Download monthly, quarterly, and annual reports for the last 24 months.	Report library
2 · Inventory	List metrics by system and granularity: users, transactions, value, demographics, and categories.	Data dictionary
3 · Structure	Transcribe key figures into one tidy table: date, system, metric, and value.	Clean Excel dataset
4 · Explore	Chart trends, MoM/YoY growth, and system mix; flag major movements.	Trend charts
5 · Map to EMR	Tag metrics for Risk, Compliance, and BusOps; note C-level information gaps.	Audience map
6 · Present	Share a short readout: data inventory, 3–5 insights, quality notes, and open questions.	1–2 pages / 5–8 slides

GROUND RULES & COMPLETION CRITERIA

Ground rules	Done when
Use public reports only — no internal or PDPL-sensitive data. Cite report month and source for every figure. Reconcile each number back to the PDF.	You can explain what JoPACC publishes, summarize two-year trends by system, and identify which figures matter to each EMR audience.

Suggested timing: ~2 weeks · review together before the requirements phase.
